

Heavy Duty Bases

Mild Steel Single Point Scale Bases

FEATURES

- **Extra heavy duty structure for industrial applications**
- **OIML R60 Approved C3 load cell**
- **4 Platform Sizes**
- **Capacities ranging from 6kg to 300kg**
- **Adjustable levelling feet**
- **Stainless steel goods plate**
- **Spirit level**
- **Column bracket mounted on short side**
- **370mm high circular stainless steel column on B size**
- **650mm high circular stainless steel column on larger sizes**

SPECIFICATIONS

Model	Platform Capacity (kg)	Load Cell Capacity (kg)	Platform Dimension (mm)
BX6	6	10	400 x 300 x 130
BX15	15	30	
BX30	30	50	
FX30	30	50	500 x 400 x 130
FX60	60	100	
FX150	150	200	
FX300	300	500	
LX60	50	100	650 x 500 x 150
LX150	150	200	
LX300	300	500	
XLX60	60	100	800 x 600 x 150
XLX150	150	200	
XLX300	300	500	
Load Cell	OIML R60 Approved IP65 Aluminium Load Cell Rated Output = 2mV/V/ Output Impedance = 350 ohm		
Operating Environment	0~40°C(32~104°F) Non Condensing R.H. ≤85%
